

## Global talent without borders

**One platform.** All the world's talent. Playroll lets you hire global teams and relocate valuable talent seamlessly, **without all the compliance and admin delays.**

### What we do and who we are

Whether you're making your first hire in another country, or your 100th. Playroll helps you fly right past the **cost, delay, HR & Payroll complexity and legal liability** of hiring the world's talent, compliantly.

With a **ready-made network of 'plug-and-play' physical entities** dotted all over the world, you can **hire, land and expand affordably, effectively and scalably into new countries**—without even thinking about leave policies, employee expenses, salary approvals, locally compliant employee contracts or any of that stressful stuff. That's our job.

#### Play with **experience**

Founded on over **20 years** hiring and growing locally compliant teams as part of the **VAT IT Group**.

#### Play with **people**

**We love automation.** But we don't love HR without the 'H'. That's why all our support is human-backed.

#### Play by the **rules**

We'll cover you with **24/7 legal support** if working relationships break down & you have to wave 'goodbye'.

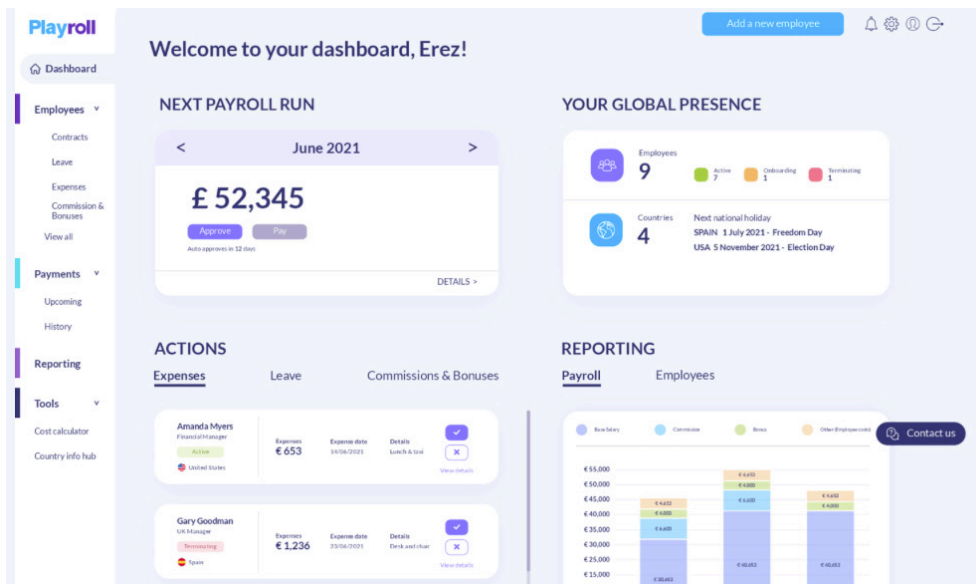

### What **role** do we play?

- ✓ **Access new skills markets and offer frictionless, locally compliant work contracts** with quick, remote employee onboarding.
- ✓ **Offer people on the other side of the world their dream job in minutes**, without having to solve the red tape, headache and chore of local employment regulations.
- ✓ **Playroll's plug & play EoR entities** make HR costs minimal, manageable and transparent.
- ✓ **Relocate and keep indispensable talents with you**, even if life events force your best people to pack their bags.
- ✓ Playroll automates worldwide employee onboarding. **But we'll step in with a human hand when needed.** From a single point of support, to employment severance and legal assistance, **your Playroll experience is human-backed.**

## We Work You Playroll

Behind your **Playroll dashboard**, our tech guru's love making sure your work feels more like play. Playroll technology **helps you oversee and manage compliant, remote payroll** at the click of a button.

Before innovating our technology, we spent over **20 years building** remote teams, all over the world, **as part of the VAT IT Group**.

### Country Cost Calculator

Explore how much your next hire will cost in any country. Playroll **auto-tallies factors** such as salary, taxes, pension, leave and bonus structures.

### Contracts in minutes, not days

Create local, compliant contracts for your global hires with the help of Playroll's **auto-suggested minimum country benchmarks** for probation periods, leave, insurance and termination notices.

### Absolute price transparency

**Everything's billed** in your quoted, all-inclusive subscription cost. No ifs, no buts, no surcharges or hidden extras.

### Clean, uncluttered HR workflows

**One dashboard to manage it all** - Manage your employees' expenses, leave and salary approvals across multiple countries from one single source of truth.

### Self-Onboarding for new starters

Say goodbye to the endless back-and-forth of contract finalisation and document gathering. **Employees onboard themselves** by countersigning contracts, completing NDAs and uploading relevant ID verification.

## Turn 'red tape' into a 'green light' to hire

Offer people on the other side of the world their dream job in minutes, without having to solve the red tape, headache and chore of local employment regulations.

### Global entities

Playroll operates on a worldwide infrastructure of physical, on-the-ground entities. With **access to over 131 entities worldwide**, we help make your business expansion and global hiring seem like child's play.

That's why we offer affordable, transparent fixed monthly billing you'll love. Click the button below to see what territories we currently operate in.
